

吉祥如意

Ruyi = As One Wishes

The ruyi is an ancient Chinese symbol originating from a legendary sword wielded by the Yellow Emperor, the earliest known Chinese monarch. The word ruyi itself comes from the two characters rú and yì—together they literally mean "as one wishes." It has become a rich symbol of power, peace and happiness, deeply embedded in Chinese New Year tradition and decoration.

Display this precious tradition of ruyi with you wherever you go.
May your endeavors bring good fortune and go exactly "as wished!"
